

Profile:

Junior in Computer Science and Informatics with a passion for software engineering and web design seeking an internship position for summer 2013

Programming:

- C++/C
- Java
- Javascript/JQuery
- HTML/CSS
- Python
- Plone/Zope

Software:

- Windows/Mac/Redhat Linux programming environments
- Illustrator
- Photoshop

Social Media:

- Twitter
- Facebook
- Wordpress
- Blogger

Education

University of Michigan - Ann Arbor, MI (Expected graduation – 2014)

Dual majors in Social Computing Informatics and Honors Computer Science. Received University Honors, current cumulative GPA of 3.6.

Relevant Experience

U of M CAEN - Web Developer (Mar 2012 – present)

Working on the College of Engineering's total website redesign and CMS transition, including streamlining design elements and altering Zope and Plone templates.

U of M ITS - Google Guide (May 2012 – September 2012)

Provided personal tech support to U of M staff making the transition to Google email, calendar, etc.

Activities/Involvement

Kappa Theta Pi - Professional technology fraternity. Founding brother, current Outreach Chair. I led AP Computer Science tutoring efforts and am currently spearheading efforts to create a Computer Science Boot Camp for local high school students.

Computer Science Engineering Scholars - An honors and service organization dedicated to creating network and career opportunities for member students.

CAPS Student Advisory Board - Board member. The Counseling and Psychological Services Advisory Board aids CAPS and the Division of Student Affairs to implement changes to improve the psychological health of the student body.

Relevant Coursework

Database Management Systems · Data Structures and Algorithms · Intro to Cryptography · Introduction to Computer Organization · Discrete Mathematics · Programming and Data Structures · Building Applications for Information Environments

Other Experience

Associate – Panda Express (October 2010 – present)

Interacted with customers, prepared and cooked food, and handled register transactions. Continued to receive training and additional responsibility over time.

Counselor – Oakland Yard Athletics (May 2011 – Aug 2011)

Lead Radio Control Car and Helicopter camps for kids aged 8-14. Was responsible for all repairs and maintenance to the cars and helicopters as well.
